

TECHNICAL INFORMATION SHEET: Pure Earth Grease Buster

General Description

- Concentrated microbe-powered fat, oil and grease “FOG” digesting cleaner.
- Digests FOG and food waste into carbon dioxide and water.
- Provides a “deep cleaning” by quickly penetrating porous floors.
- Reduces fly infestations by eliminating FOG build-up.
- Reduces odors caused by rancid FOG accumulation.
- Removes the greasy film, eliminating slippery floors.
- Unlike degreasers, which only liquefy FOG, it digests them completely.

Technology Profile

BioTec Technology is the science of using microbes and enzymes to dispose of FOG and food waste safely, economically and rapidly. BioTec Technology consists of microbes and enzymes producing complex chemical reactions that metabolize organic waste into carbon dioxide and water.

Enzymes break apart large complex compounds like FOG into smaller molecules. The microbes then can readily digest these smaller molecules releasing them as carbon dioxide and water. The microbes and enzymes are completely safe because they are non-pathogenic, naturally-occurring and salmonella-free. These microbes are chosen for their ability to degrade “FOG” as well as starches and proteins.

Directions

General Dilution: Dilute 1 sachet to 1 gallon (3.8L) of water in the buddy jug provided. Mix to a 2-gallon batch to fill the jug up to maximum.

For spray application: Fill the mixed solution from the buddy jug to a spray bottle for surface degreasing and wipe dry.

Mopping:

Spray product on the floor. Mop floor in normal manner covering all cracks, corners, crevices and under equipment. After mopping is complete, pour remaining mop water into drains. Rinse floor with hose or power washer with water only in the usual manner. If necessary, squeegee excess water into floor drains.

Application

- Kitchen equipment
- Floor
- Table
- Any hard surface with grease

Technical Information

Dilution	1 sachet : 1 gallon of water	
Physical Properties	Appearance	Liquid
	Color	Amber
	Fragrance	None
	pH	7
	Shelf Life	1 Year
Packaging	100ml Sachet
